2018 Naples Creek Rainbow Trout Derby

3rd Annual Catch and Release Division

In an effort to minimize mortality to the rainbow trout population, the Naples Creek Rainbow Trout Derby will institute a Catch and Release division to the April 1, 2018 derby.

Catch and Release prizes will be awarded for the following categories:

- **Grand Prize for longest fish caught**
- **Longest fish caught by a female angler**
- **Longest fish caught by an angler age 12 or younger.**

The rules of the Catch and Release division are as follows:

1. All NYS DEC fishing regulations shall apply.
2. The angler must be registered in the derby. Registration ends at sunrise on April 1.
3. The derby ends at 5:00 PM on April 1.
4. Fish must be legally caught in Naples Creek or its tributaries.
5. Only rainbow trout are eligible to be entered in the derby.
6. Each fish may only be entered once.
7. The angler who caught the fish must take a picture of the fish alongside a standard measuring device such as a tape measure or yard stick. The length of the fish must be clearly visible in the photograph.
8. Photographs are to be taken on a digital camera or camera phone. Digital images that fail to clearly show the length of the fish with the measuring device will be disallowed.
9. The angler who caught the fish must also have a picture of them holding the fish with the angler's face clearly visible. This photo does not need to have the measuring device shown.
10. The fish is to be immediately released in a manner that will not harm the fish.
11. The angler is to report their "Catch and Release" entry to the derby chairman, Bill Grove, at 585-797-3989 immediately after releasing the fish. Digital images may be sent via text message to the derby chairman at the number above. The purpose of this is to keep a current list of the leaders of each category.
12. The angler must provide digital images of the catch to the derby staff at the derby headquarters (Naples Fire House) in order to be given a bottle of wine or juice, be eligible for a door prize, and be considered for the "Catch and Release" award categories.
13. An angler may enter multiple "Catch and Release" fish provided that they have released previously caught fish. Only one bottle of wine or juice, door prize, and "Catch and Release" award will be awarded per angler.
14. A fish may not be entered for both "Catch and Release" and standard categories.
15. In the event of a tie for longest fish, the first fish entered will be declared the winner.
16. The derby committee may amend the rules at any time. All decisions by the derby committee are final.
17. The derby committee may disqualify any person or persons who falsify information, violate the derby rules, or act in an unsportsmanlike manner.
